Specialist Diploma in FACILITY AND ENERGY MANAGEMENT (SDFEM)

Eligible for
SkillsFuture
Credit

Environment sustainability is increasingly gaining ground in the building and construction industry, buoyed by global concerns on climate change and limited natural resources. With the rising trend towards green technologies and renewable energy, there is a need for professionals who are proficient in energy management to operate buildings for optimal building performance.

The Specialist Diploma in Facility and Energy Management (SDFEM) equips students with the essential knowledge to plan and manage building operations and maintenance efficiently.

The programme incorporates Energy Management topics to give students the added competitive edge. Upon graduation, you can look forward to career opportunities as facilities managers or building managers.

Duration: 2 weeks study duration per modular certificate (66 hrs) (Assessment: 3 hrs)

Frequency: 2 weeks lectures daily from Mon-Fri, 9am to 6pm and 2 weeks for project submission

Venue: BCA Braddell Campus and Online Learning

Fee (incl of GST) : S\$6,500

Assessment: Continuous and Project Based

Registration closes 2 weeks prior to course commencement, or when the class is fully subscribed, whichever is earlier. Late registration may be consider on case by case basis.

Certificate in Digital Delivery of Facilities Management

(Classroom + Synchronous E-Learning)

Introduction to Facilities Management

- Principles of Facilities Management
- Space and Asset Management
- Building Legislation
- Risk Management

BIM for Facilities Management

- BIM Fundamentals for Facilities Management
- AIR for Facilities Management
- BIM-Centric CMMS

Integrated Digital Delivery for Facilities Management

- Data Analytics in Facilities Management
- Introduction to Internet of Things

Certificate in Mechanical System and Building Management

(Classroom + Synchronous E-Learning)

MODULAR CERTIFICATE B:

Building Management

- Structural Appraisal
- Landscape and Horticulture
- Cleaning and Pest Control
- Security Management
- Project Management
- Building Repair and Refurbishment

Building Mechanical Services

- Plumbing, Sanitary and Gas Systems
- Fire Protection Systems
- ACMV Systems

Certificate in Electrical System and Energy Management

(Classroom + Synchronous E-Learning)

MODULAR CERTIFICATE C:

Building Electrical Services

- Solar Technologies
- Power Generation and Distribution
- Efficient Lighting
- Lifts and Escalator Systems

Energy Management

- Energy Audit and Measurement
- Energy Management and Economics

ENTRY REQUIREMENT

Applicants who do not wish to complete the Specialist Diploma programme are not subject to the entry requirements.

The applicant must be a Singapore Citizen or Permanent Resident or holder of valid employment pass/work permit; and possess one of the following qualifications in a relevant discipline:

- a) A diploma (min course duration of 2 years) or equivalent qualification
- b) A relevant Advanced Certificate / Higher NITEC / Advanced NBQ with 2 to 3 years of relevant work experience
- c) A relevant certificate with 4 to 5 years of relevant work experience
- d) NITEC / Higher NBQ with at least 5 years of relevant work experience

Note: Applicants with relevant working experience but do not fulfil the above requirements will be reviewed on a case-by-case basis.

Applicants must have their own computers/laptops with minimum specifications to run BIM software (recommended 16GB RAM minimum) and access student portal.
