Specialist Diploma in

VIRTUAL DESIGN & CONSTRUCTION (SDVDC)

Virtual Design and Construction (VDC) is an integrated approach that combines Building Information Modelling (BIM) and advanced management methods to improve productivity. VDC will benefit both consultants and contractors to achieve productivity gains in upstream and downstream of both design and construction phases. This programme provides insights into VDC methodologies such as Integrated Concurrent Engineering and Process and Production Management. Learners will be able to apply these VDC methodologies to streamline project workflow and improve business performances.

Duration: 3 months per modular certificate

Frequency: 2 to 3 evenings per week (some lessons may be held on Saturdays)

Venue: BCA Academy

Fees (inclusive of GST):

S\$476.64* / S\$3,000 (per modular certificate)

**WTU funding is available for company-sponsored Singaporeans & Singapore PRs.*

Assessment: Continuous and Project Based

Registration closes 2 weeks prior to modular certificate commencement or when the class is fully subscribed, whichever comes first. Registration can remain open until course commencement date if training spaces are still available.
