## Certification Course for

# Green Mark Accredited Professional (GMAP)

SYNCHRONOUS E-LEARNING

Enhanced from the consolidation of existing Certification Courses for GMAP and GMAP(FM)

### INTRODUCTION

Under the Singapore Green Building Masterplan (SGBMP), more ambitious targets to green the Built Environment sector has been set. The Masterplan, dubbed "80-80-80 in 2030" captures our collective commitment to pursue more ambitious standards in our Built Environment to meet our global climate change commitments. It targets greening 80% of Singapore's buildings by Gross Floor Area (GFA) by 2030, 80% of new developments (by GFA) to be Super Low Energy (SLE) buildings from 2030, and 80% improvement in energy efficiency to best-in-class green buildings by 2030. As such, the BCA Green Mark 2021 (GM: 2021) was recently launched where it covers different types of project – new developments, existing buildings and buildings with major retrofit, which entails the need for industry practitioners to be equipped with the various holistic skillsets. Together with this approach, this enhanced GMAP is streamlined to keep professionals abreast on the latest criteria.

### LEARNING OUTCOMES

This enhanced GMAP aims to equip industry practitioners with knowledge to design and implement efficient & sustainable solutions towards an integrative, adaptable and sustainable urban system.

At the end of the course, participants will be able to:

- apply BCA's environmental sustainability legislative framework and GM: 2021 requirement;
- determine sustainable design solutions for upstream and downstream considerations; and
- perform sustainable maintenance and audits during operations.

### LECTURERS

A diverse group of trainers from government agencies, experienced industry leaders and practitioners.

### TARGET AUDIENCE

Industry practitioners who are keen to embark on Green Mark journey or play the role of a Green Specialist; e.g. Developers, Building Owners, Architects, Engineers, Consultants, Project Managers, Facility Managers etc.

### ASSESSMENT AND AWARD

An e-Certificate of Successful Completion (e-CSC) will be issued to participants who:

- Achieve at least 75% class attendance; and
- Pass MCQ test, group project assignment and peer evaluation.

To learn more about the Green Mark Professional Qualification Scheme, visit: <https://gmap.sgbc.online/public/directory>
