BOA-SIA: Waived for year 2020

INTRODUCTION

The Internal Audit (QEHS) course (based on requirements on Quality Management System, Environmental Management System and Occupational Health and Safety Management System) aims to equip Internal Auditors with the knowledge and skill required to assess, monitor and measure the performance of an organisation's integrated QEHS Management system.

With the introduction of ISO 45001, the course covers latest updates of the new editions and highlights the necessary revisions to ensure smooth transition from current version.

CONTENTS

- Introduction to ISO 9001 and its main revisions
- Introduction to ISO 14001 and its main revisions
- Introduction to ISO 45001
- Risk assessment and environmental aspects
- Applicable legal and other requirements
- Auditing process & exercises
- Skill of auditing
- Code of ethic for an internal auditor

LECTURER

MR ZHANG LONG is heading a department in Shimizu Corporation that supports projects from Planning, Quality, BIM and QS functions. He holds a Bachelor degree in C&S Engineering from NTU and Master in Project Management from NUS. He is also a certified Lead Auditor registered with the International Register of Certified Auditors (IRCA), and experienced in both implementing and auditing ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 in the building and construction industry.

ASSESSMENTS AND AWARD

Participants who meet the 75% attendance requirement and pass the assessment will be awarded the e-Certificate of Successful Completion (e-CSC).
