

COVID-SAFE TRAINING FOR WORKERS

(Refer to Table 1 - Summary of COVID-Safe Training & Worksite Requirements)

Important: The course will be discontinued by May 2021. Application for the course must be submitted latest by 14 May 2021. Those who had already applied for the course but pending completion will be required to complete and pass the course by 27 May 2021

INTRODUCTION

To minimise the risk of COVID-19 resurgence, the construction sector implemented a safe and controlled restart after the Circuit Breaker in phases. To ensure a safe construction workforce, workers must undergo mandatory training on how to protect themselves and their fellow workers from COVID-19 prior to deployment for work.

OBJECTIVES

At the end of the course, participants will be able to:

- Apply good practices on personal care and social interaction, in the context of COVID-19
- Familiar with COVID-Safe guidelines for construction sector and adhere to the necessary processes
- Apply good practices on safety and health at worksites and workplaces

TOPICS

- **Staying Healthy & Socially Responsible**
 - Introduction to COVID-19
 - Good Practices in Personal Health & Well-Being
 - Socially Responsible Practices
- **COVID-Safe Guidelines & Requirements**
 - Relevant COVID-Safe Apps
 - Safe to Work & Safe Entry requirements
 - Reporting of Temperature & Sickness
 - Reporting of Personal Data to Employers & Dorm Operators
- **COVID-Safe Practices at Worksites & Workplaces**
 - COVID-Safe Site Practices
 - COVID-Safe Transportation & Accommodation Arrangements

DELIVERY FORMAT

100% ONLINE LEARNING

DURATION: 3 hours, including a short end-of-course assessment.

LANGUAGE: Learning materials will be in graphical and animated format with simple English text. Voice-narratives are provided in 6 languages: Bengali, Burmese, Chinese, English, Malay and Tamil.

ASSESSMENT & FORMAT: Workers must complete and pass the course. Assessment will include MCQs and/or scenario-based questions. If the workers answer the questions incorrectly, they will be guided until they are able to answer the questions correctly.

COURSE FEE: Free of charge
