BCA ACADEMY

E-LEARNING

100% online. May include pre-recorded session, live streaming/webinar and discussion forum, where applicable.

ONLINE LEARNING:
Date: 19 Jul 2022*
Platform: BCAA Learning Management System (LMS)

* Learners may commence to embark on e-learning and learn at own pace (within 1 month from course start date)

FEE (incl of GST): S$450.00

SkillsFuture Singapore (SSG) funding is available for eligible participants as follows:

- *Singaporeans (40 years old and above) and/ or SME company sponsored: Up to 70% of full course fee before GST. Fee payable after funding: S$155.61 (incl. of GST)*
- *Singaporeans (25 years and above & below 40 years old), Singapore PR and/or non-SME company sponsored: Up to 50% of full course fee before GST. Fee payable after funding: S$239.72 (incl. of GST)*

TARGET AUDIENCE
All professionals in the built environment

AWARD
e-Certificate of Successful Completion (e-CSC) will be issued to participants who complete the course within 1 month and pass all the assessments.

PRINCIPLES OF INTEGRATED DIGITAL DELIVERY

Building on the momentum of BIM Roadmaps, BCA introduced Integrated Digital Delivery (IDD) to better connect built environment stakeholders and streamline their work processes, through innovative use of digital technologies.

To support the industry to reap the full benefits of IDD, this course is designed to equip BE professionals with good understanding and aligned knowledge on IDD across the built environment value chain. Learners will be systematically guided through a series of topics on the concept and method to effectively adopt IDD in their projects or organizations, curated in bite-sized and interactive format.

OBJECTIVES

- To level up learners' understanding on the concept of IDD across the built environment value chain,
- To create awareness on potential of Integrated Digital Delivery (IDD) and how projects and firms could tap into new opportunities using IDD, and
- To guide learners with basic knowledge in selecting suitable technologies, systems and standards for adoption.

CONTENT

TOPIC 1: OVERVIEW OF IDD
i   BIM, VDC & IDD
ii   Principles of IDD
iii Overview: IDD Framework & Methodology

TOPIC 2: KEY CONSIDERATIONS FOR IMPLEMENTATION
i   Required skills and mind-sets
ii   Typical barriers to IDD adoption & ways to overcome
iii Implementing IDD in a Project and in an Organization

TOPIC 3: CONNECTING VALUE TO IDD
i   Defining "Value" for Process, Project & Organisation
ii   Linking "Value" to measurable KPIs
iii Measurement and metrics

TOPIC 4: BASIC PROCESS REENGINEERING
i   Determining critical activities and defining challenge statements
ii   Mapping processes and identifying pain points
iii Principles of process streamlining

TOPIC 5: TECHNOLOGIES, SYSTEMS & STANDARDS
i   Selecting the right technologies for the right purpose
ii   Common Data Environment (CDE)
iii Information Standards

TOPIC 6: DEPLOYMENT
i   Developing an IDD Roadmap
ii   Prioritization of strategies and scaling up
iii Resource requirements and capability building
